MY SMILE IS

Fun

#MYSMILEISPOWERFUL

April, from the United States — a stay-at-home mom who loves camping, baking, and teaching — smiles most when she is with her family. Opalescence Go® prefilled take-home whitening trays are an easy way for her to whiten and juggle four kids. A brighter smile is sure to bring out your patient's fun side. That's the power of a smile.
